FEATURES & BENEFITS

Engineered for maximum performance and minimal hassle, the Element PK156 Kiosk is built to excel in any fast-paced environment.

Its ultra-smooth operation ensures rapid, seamless transactions, while the integrated PaySuite® FLEX technology transforms the kiosk into a simple tap-to-pay solution—no additional hardware required.

Designed with a premium sleek metallic finish and lightweight frame, the PK156 is also easy to install and relocate. It ships fully assembled and ready to go straight out of the box.

Whether used as a desktop, wall-mounted, or freestanding unit, the PK156 adapts effortlessly with two versatile configurations and three flexible form factors.

Plus, integrated with PaySuite® HUB the MDM/TMS it makes deployment and control simple and efficient.

PaySuite® FLEX enabled

PAYSUITE FLEX ENABLED: POWERFUL TAP-TO-PAY SIMPLICITY

The Element PK156 Kiosk is PaySuite® FLEX enabled, transforming it into a powerful, fully integrated tap-to-pay solution.

With PaySuite® FLEX, the PK156 becomes an integrated POS & Payments terminal, delivering seamless contactless card present transactions through its Android NFC technology. No extra hardware, no complicated setup—just fast, secure payments directly through the kiosk.

Whether in retail, hospitality, or service environments, PaySuite® FLEX makes the PK156 a flexible, future-ready hub for effortless payment experiences.

FLEXIBLE FORM FACTORS FOR EVERY ENVIRONMENT

The Element PK156 is designed to adapt to your space and your needs.

Available in desktop, freestanding, and wall-mounted configurations, the PK156 fits seamlessly into any environment—whether it's a retail counter, a hotel lobby, a service kiosk, or a quick-service restaurant.

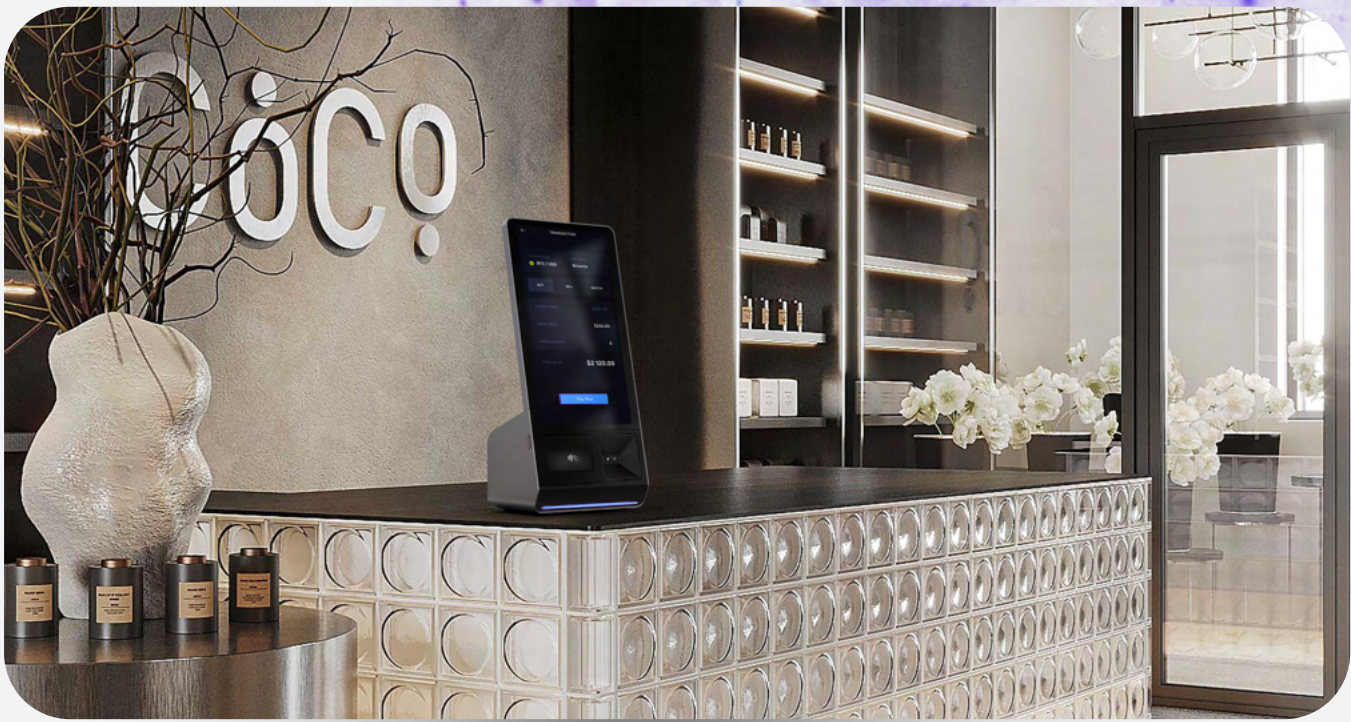

Whatever the application, the PK156 delivers a compact footprint, sleek design, and versatile installation options to maximise your space and customer experience.

VERSATILITY IN EVERY ENVIRONMENT

Wherever you need to streamline service, the Element PK156 Kiosk delivers. Perfect for retail counters, hotel lobbies, restaurant checkouts, service centres, and more, the PK156 is designed to adapt and thrive across a wide range of industries and applications.

Its flexible configurations and sleek footprint mean you can deploy it almost anywhere—creating faster, smarter self-service experiences your customers will love.

WHY ELEMENT ?

Element is a technology provider specialising in systems that enable customer service and engagement.

We design and build devices that are used by customers and with customers, wherever they need service. Our mission is to help our clients engage with their customers to increase trust, convenience and loyalty.

We provide 'point of service' devices for delivering information, assistance and sales transactions wherever the customer needs them.

Our range includes:

- » Point of sale systems - for smooth and efficient 'traditional' purchasing experiences
- » Kiosks - for sales or information
- » Mobile devices - for service without leaving the customer or patient's side
- » And more...

All our products are designed by experts with in-depth experience of how they will be used, and the demands that will be placed on them. That's what makes Element products tough, resilient, designed for purpose, ergonomics and style.

Element products are for retailers, QSRs, cinemas, shopping centres, event venues and healthcare providers who want to take customer service to the next level. Our range is available exclusively through Sektor distribution in Australia, New Zealand, Malaysia and Thailand.

Element takes service to the customer, wherever they need it, through:

DESIGN, QUALITY AND PURPOSE.
