

Element CA857

15.6" POS Touch Terminal

The **Element CA857** is a sleek and versatile 15.6" Point-of-Sale Terminal that helps provide the best customer experience for the retail & hospitality clients. With its ultra slim body, attractive metallic design and number of flexible configurations, the CA857 carries out the transactions quickly and efficiently, helping build customer loyalty and growing your business.

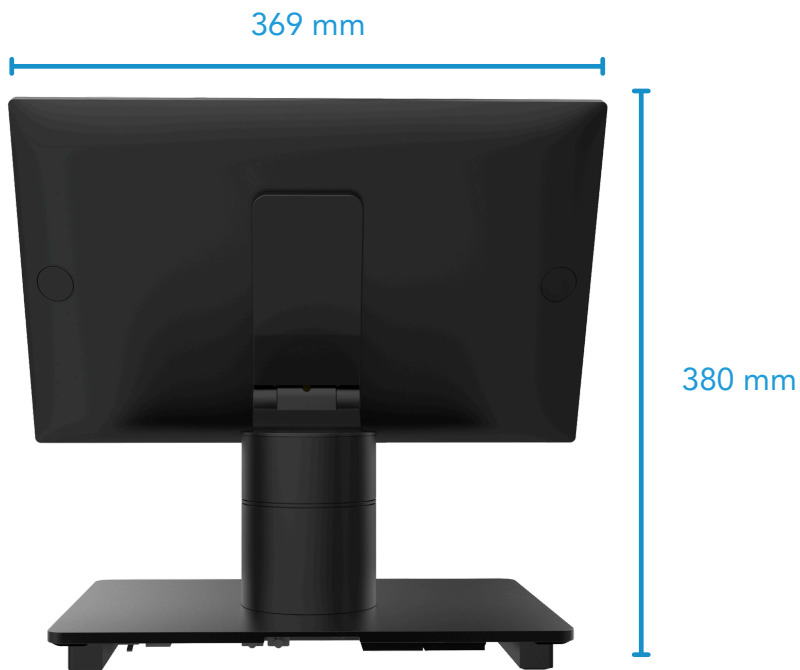

Windows

- > Powered by Intel Alder Lake-N and Meteor Lake processors
- > Supports Windows, Linux, and Android operating systems
- > 15.6" display with the world's narrowest 3.95mm touch bezel
- > 180° swivel stand design for left and right rotation
- > Easy-access motherboard box for simplified service and expansion
- > Flexible peripheral support for enhanced functionality

ERGONOMIC DESIGN

SWIVEL FUNCTIONALITY

The CA857 is designed with an innovative swivel stand that enables smooth 180-degree rotation in both directions, offering exceptional flexibility for both staff and customers. By eliminating uncomfortable angles, it supports a more ergonomic and efficient workspace while enhancing face-to-face interactions.

3.95 mm

NARROW TOUCH BEZEL

The CA857 features a 15.6" display with the world's narrowest touch bezel at just 3.95 mm, setting a new benchmark in POS design. This ultra-thin bezel enhances visual appeal and functionality, delivering a premium user experience with a sleek, modern widescreen display.

DESIGNED FOR SERVICEABILITY

The modular motherboard box design enables effortless access for quick system maintenance, with no special tools required. This streamlined approach not only reduces service time but also empowers businesses to scale performance with ease while ensuring long-term flexibility and future-ready adaptability.

I/O PORTS

PERIPHERALS

The CA857 supports a versatile range of peripherals that can be seamlessly mounted on both the left and right sides of the display, enabling flexible configurations and enhanced functionality. Customise your setup to suit your workflow and elevate operational efficiency.
