ELEMENT K889 KIOSK

# ELEMENT PRODUCT INFORMATION

## Element K889 Kiosk

The Element K889 Kiosk is a purpose built, self-service kiosk providing perfect self-ordering experience to customers while optimising business' performance and efficiency.

With its concise and ergonomic body, it is available in counter mount, wall mount, or with pedestals forms, perfect for multiple environments. The modularised design enables K889 to include a printer, scanner and payment device and with a powerful 3965U or i3-7100 CPU, RAM, Storage and connectivity option it will meet the different environmental needs of retailers applications.

The K889 is aimed to speed up queuing process and engage customers in innovative ways with a FHD 22" PCAP multi-touch display and optional integrated for future facial recognition payment methods
